INDEPENDENT AUDITORS' REPORT

To The Board of Directors
Washington County Local
Development Corporation:

We have audited the accompanying statement of financial position of Washington County Local Development Corporation, a component unit of Washington County, as of December 31, 2008, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Washington County Local Development Corporation as of December 31, 2008, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated February 27, 2009 on our consideration of Washington County Local Development Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and important for assessing the results of our audit.

WASHINGTON COUNTY LOCAL
DEVELOPMENT CORPORATION

Notes to Financial Statements

December 31, 2008

Summary of Significant Accounting Policies

The summary of significant accounting policies of Washington County Local Development Corporation is presented to assist in understanding the Washington County Local Development Corporation's financial statements. The financial statements and notes are representations of the Washington County Local Development Corporation's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Organization

Washington County Local Development Corporation was incorporated in 1985 under the Not-for-Profit Law of the State of New York for the purpose of relieving and reducing unemployment by promoting and providing job opportunities for low to moderate income residents of Washington County. This is accomplished through loans to qualifying employers. In 1986, Washington County contracted with the Local Development Corporation to administer a revolving loan program created by the repayments of low interest loans issued by the Washington County Community Development Program. The County Board of Supervisors assigned all loans to the Local Development Corporation for no consideration. The Local Development Corporation is a component unit of Washington County and is included as such in the County's general-purpose financial statements.

Revenue Recognition

The Washington County Local Development Corporation's primary source of revenue is from principal and interest repayments received on loans issued by the Local Development Corporation through the HUD Program and the Intermediary Relending Program.

Accounting Method

The Washington County Local Development Corporation accounts for all transactions on the accrual method of accounting.

Allowance for Doubtful Accounts

Bad debts are provided on the allowance method based on historical experience and management's evaluation of outstanding loans receivable at the end of each year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Washington County Local Development Corporation is exempt from income taxes as a not-for-profit corporation under tax section 501(c)(4) as determined by the Internal Revenue Service and, accordingly, these financial statements do not reflect a provision for income taxes.

Concentrations of Credit Risk

Financial instruments which potentially expose the organization to concentrations of credit risk, as defined by Financial Accounting Standards Board Statement No. 105, consist primarily of loans receivable. Management considers the loans net of allowances to be fully collectible.

Washington County Local Development Corporation had funds on deposit at local banks totaling \$2,313,395 at December 31, 2008. These deposits are fully insured by Federal Deposit Insurance Corporation, pledged collateral and a letter of credit.

Allowance for Doubtful Accounts

The allowance for doubtful accounts established in the Intermediary Relending Program (IRP) in the amount of \$22,000 is in accordance with a requirement by the U.S. Department of Agriculture. There are no delinquent IRP loans as of December 31, 2008.

The allowance for doubtful accounts of \$16,851 in the Income After Closeout Program (CDBG) represents the balance due on two loans.

Intermediary Relending Program Loan Payable

Washington County Local Development Corporation entered into a loan agreement on November 25, 1998 with the U.S. Department of Agriculture for \$300,000 to be paid back over 30 years at a fixed rate of 1%. Interest only was paid for the first two years. Principal and interest payments are made in 28 equal annual installments with any remaining balance being paid 30 years from the date of the note. A stipulation of this program is that the Washington County Local Development Corporation must match a portion of the loan. The Washington County Local Development Corporation's matching requirement was \$75,000 making the program funds total \$375,000. As of December 31, 2008, the Washington County Local Development Corporation has drawn down \$300,000 and has made eight loans.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To The Board of Directors
Washington County Local
Development Corporation:

We have audited the financial statements of Washington County Local Development Corporation (a non-profit organization) as of and for the year ended December 31, 2008, and have issued our report thereon dated February 27, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Washington County Local Development Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Washington County Local Development Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the organization's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Washington County Local Development Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the audit committee, Board of Directors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Whittemore, Downen & Ricciardelli, LLP
